

6th International Conference on Uterine Disorders and Corpus Luteum Function

9th - 12th September 2024 Wrocław, Poland

<https://endometritis.pan.olsztyn.pl>

Dear Researchers,

on behalf of the organizing committee, it is my great pleasure to invite you to attend the 6th International Conference on Uterine Disorders and Corpus Luteum Function:

1. Ludwig-Fraenkel Symposium on Corpus Luteum and Progesterone Function
2. Endometritis as a cause of infertility in farm animals
3. Large animal models in biomedical study - implementation of 3R concept (*outdoor workshop during scientific and historical excursion to Swidnica, Książ Castel and Książ Horse State Stud; 12.09.2024*)

The Conference deliberations will be on the following topics:

- Session I: Formation of the CL and maintenance of luteal function (*chairing: Dr. Mariusz Kowalewski, Dr Camilla Hughes*)
- Session II: Regression of CL function and luteal dysfunctions (*chairing: Dr. Agnieszka Rak, Dr. Sławomir Wołczyński*)
- Session III: Ovarian-uterine interactions during the estrous cycle and early pregnancy (*chairing: Dr. Graca Ferreira-Dias, Dr. Dimitros Rizos*)
- Session IV: Etiology and pathogenesis of uterine disorders (*chairing: Dr Fidel Ovidio Castro, Dr Anna Szóstek-Mioduchowska*)
- Session V: New diagnostic tools of uterine disorders in farm animals (*chairing: Dr. Tal Raz, Dr. Mette Christoffersen*)
- Session VI: Therapy of uterine disorders in farm animals (*chairing: Dr. Igor Canisso, Dr. Geert Opsomer*)

Plenary lectures which will be delivered by:

- Dr. John Davis (Department of Obstetrics and Gynecology, University of Nebraska Medical Center, Omaha, NE, USA)
- Dr. Milo Wildbank (Department of Dairy Science, University of Wisconsin-Madison, Madison, USA)
- Dr. Steven LeBlanc (Ontario Veterinary College, University of Guelph, Ontario, Canada)
